& SIMULINK®

MATLAB: an expressive engineering language

Tuesday, 13th July 2021 | 11:30 CET
Webex event

Please join MathWorks and ONT at this upcoming webinar and learn about the features that make MATLAB an ideal engineering-oriented programming language

Who Should Attend

- Students aspiring to adopt MATLAB as an engineering problem-solving language

What You'll Learn

- Where to start?
- Using MATLAB in the cloud
- Live Editor: tasks
- Supporting tools: Debugger, Profiler
- Apps: using apps, App Designer, Code generation
- Parallel Computing
