

Faculty of Civil Engineering
Warsaw University of Technology

**Presentation of specialisations
for the academic year 2025/2026
April 28th, 2025**

**15:15 — 16.30
hall 121, FCE**

Prof. Artur Zbiciak
Vice-Dean for International Cooperation

MEETING PLAN

15.15 — 15.30

Introduction

prof. dr. hab. inż. Artur Zbiciak
Vice-Dean for International Cooperation

15.30 — 15.45

Presentation of specialisation: CES
Civil Engineering Structures

dr inż. Wioleta Barcewicz, prof. Uczelni
dr inż. Marta Lutomirska
dr inż. Kostiantyn Protchenko

15.45 — 16.00

Presentation of specialisation: CEM
Construction Engineering and Management

dr inż. Maja Kępiak
dr inż. Dariusz Walasek

16.00 — 16.15

Presentation of specialisation: SB
Sustainable Building

dr inż. Agnieszka Kaliszuk-Wietecha

16.15 — 16.30

Questions ???

Three specialisations are offered in the 2025/2026 academic year:

- Civil Engineering Structures
- Construction Engineering and Management
- Sustainable Building

Only one specialisation will be run in 2025/2026!!!

1) 28.04. – 04.05.2025

Before the beginning of the winter semester, students of the sixth semester BSc program should choose **a specialisation**.

1. Please recognise your preferences.

2. In the period from 28th April 16:15 to 4th May 23:59, students should declare their preferences (voting by USOSweb):

- 1 - for the first choice,
- 2 - for the second choice,
- 3 - for the third choice.

Please enter a selected number for each specialisation.

While the round is open, students can change their choice multiple times.

2) between May 5 and 9, 2025 Dean's decision on the start of a specialisation

3) May – September 2025

Before the start of the winter semester, students in the sixth semester of the BSc program are required to select the following courses:

- One Elective Humanities Course (HC Elective).
- Two or three Elective Courses, depending on the chosen specialization, which will be taken in the 7th semester.

The enrolment process is conducted exclusively online via USOSweb.

- Descriptions of the courses are available on the Faculty website.
- The selection of the elective courses is organised in three rounds.
- Only courses with the highest enrolment will be opened.
- You can log in many times during each round and modify your declaration.
- After closing the first round, the list of available courses will be modified. Courses with the lowest enrolment will be closed (removed from the list for the next round). Select another course from the actual list (remaining courses) when a course you selected has been deleted.

4) September – October 2025

Until 30.09.2025 – all supervisors will provide a list of proposed diploma topics.

October 2025 – Students select the diploma supervisors.

It's mandatory:

- Don't hesitate to get in touch with a potential supervisor,
- Please ask for the topic and shortly discuss possibilities to conduct the thesis
- If you have the topic and supervisor, please enrol on the specific supervisor's list in USOS.

Civil Engineering Structures: CES

- dr inż. Wioleta Barcewicz, prof. uczelni
- dr inż. Marta Lutomirska
- dr inż. Kostiantyn Protchenko

Construction Engineering and Management: CEM

- dr inż. Maja Kępnia
- dr inż. Dariusz Walasek

Sustainable Building: SB

- dr inż. Kacper Wasilewski

Good luck with
making the right
choice for your
future!
