ADMISSION POINTS IN APPLICATION FOR STUDIES

FOR POLISH STUDENTS: points are calculated according to the formula:

$$PK = P_{mat} + P_{wyb} \times w + P_{jo} \times 0,25$$

- P_{mat} – points from mathematics exam*
- P_{wyb} – points from chosen subject exam
- P_{jo} – points from foreign language exam*
- w – weighting factor for each subject on exam

w	Subject
1,0	Physics
0,75	Chemistry
0,75	Informatics
0,50	Biology
0,50	Geography

*conversion for the advanced-level exam. For the result of the basic exam, the multiplier is additionally 0.5. A better result is taken into account when recruiting, after applying the multiplier

FOR FOREIGNERS: check latest information on the website students.pw.edu.pl
